

## Day 4 Lab

Q. Create a survey form with the following attribute and labels as the image shown below:

- Name
- Email
- Age
- Add a question in the survey form like Would you recommend this survey form to a friend?
- Add checkboxes to select a Languages and Frameworks known.

The screenshot shows a web browser window with the address bar displaying 'File C:/Users/Anju/OneDrive/Desktop/surveyform.html'. The browser's address bar also shows search, star, and menu icons. The main content area displays a survey form titled 'Survey Form' in blue text. The form contains the following elements:

- A text input field labeled 'Enter your name'.
- A text input field labeled 'Enter your email'.
- A text input field labeled 'Enter your age'.
- A dropdown menu with 'Student' selected.
- A question: 'Would you recommend this survey form to a friend?' with three radio button options: 'Yes', 'No', and 'Maybe'.
- A section titled 'Languages and Frameworks known (Check all that apply)' with five checkboxes: 'Java', 'Python', 'React', 'Angular', and 'Spring'.
- A text input field labeled 'Any comments or suggestions'.
- A blue 'Sign Up' button at the bottom.
