

Day 2 - Lab

Assignment 1. Create a simple webpage using HTML to create your resume. The page should use various text elements to show different types of formatted text. Also use unordered list to organize information within each section. Use <style> tags for styling.

A sample page should look like this:

Assignment 2. Create an HTML page to list different types of motor vehicles available in the Indian market with a brief description for each of them. Use <style> tags for styling.

Use **definition list** for the description. A sample page should look like the following:

The screenshot shows a web browser window with a pink header bar. The title bar reads "Motor Vehicles in the Indian Market" and the address bar shows "127.0.0.1:5500/MotorVehicleS...". The main content area has a red header "Motor Vehicles in the Indian Market". On the right side, there is a vertical sidebar with icons for search, file, user, and other functions. The main content area lists various vehicle types:

- Scooter**: A scooter is a two-wheeled motor vehicle with a step-through frame and a platform for the rider's feet. It is known for its ease of use and fuel efficiency.
- Motorcycle**: A motorcycle is a two-wheeled motor vehicle with a more upright seating position and typically a manual transmission. It is popular for its performance and versatility.
- Hatchback**: A hatchback is a type of car with a rear door that opens upwards, providing access to a cargo area. It is known for its compact size and practicality.
- Sedan**: A sedan is a four-door passenger car with a separate trunk for cargo. It is often chosen for its comfortable and spacious interior.
- SUV (Sports Utility Vehicle)**: An SUV is a larger vehicle designed for off-road capabilities and versatility. It is popular for its high driving position and ample cargo space. lorem*12
- MUV (Multi Utility Vehicle)**: An MUV is a vehicle designed to transport passengers and cargo. It often features a spacious interior and is suitable for family use.
- Electric Vehicle**: An electric vehicle is powered by one or more electric motors, using energy stored in rechargeable batteries. It is chosen for its eco-friendly and sustainable features.

Assignment 3. You are developing a home page for an online music store. Create an HTML page that can be used as a starting page for the users. Use `<style>` tags for styling. The page should look like this:

The screenshot shows a web browser window with a pink header bar. The title bar reads "Your Music Company" and the address bar shows "127.0.0.1:5500/Week15R...". The main content area has a blue header with the text "Maharaja Music Company" and "Connecting Cultures Through Music". Below this is a white section titled "Featured Indian Album: 'Raga Reverie'" with a description: "Embark on a musical journey through the rich and soulful sounds of Indian classical music with our featured album 'Raga Reverie.'". Another white section titled "Explore Genres" lists genres: "Indian Classical", "Western Classical", "Bollywood", "Pop", "Jazz", and "Rock". A third white section titled "Featured Artists" lists artists: "Ravi Sitar Maestro", "Emily Violin Virtuoso", "Amit Bollywood Beats", and "Sophia Jazz Sensation". At the bottom is a blue footer bar with the text "© 2023 Your Music Company. All rights reserved." To the right of the browser window is a vertical sidebar with various icons.
